The 2008 breeding season is in full swing and Woodside Park Stud have been busy welcoming the first of the Econsul and Grey Swallow foals into the world.

Caulfield Guineas hero Econsul is proving to be a popular choice this season, his book is filling nicely with quality mares. Econsul again looks as though he will serve a book of around 80-100 mares.

“We have been really very impressed with Econsul’s first foals they have great bone strong hind quarters and are very balanced. He’s proved hugely popular again this season and we’ve got the utmost confidence in his ability to be an outstanding success at stud.”

As of the 7th of October Econsul is the sire of 25 live foals all of which have received high praise from their breeders. The foals seem to fit the same mould, a fantastically balanced strong individual with plenty of bone and scope.

Econsul has started the 2008 breeding season on the right foot achieving a 100% fertility percentage to this early part of the breeding season.

Pictured from top to bottom. The first Econsul foal born a bay colt out of the metropolitan winning Desert King mare Fairbairn Lady. Fairbairn Lady is from the immediate family of Fashions Afield and Rose of Danehill.

A bay colt from the winning Last Tycoon mare Bella Romance, Bella Romance herself is out of the stakes placed Bluebird mare Rainbird Blue.

Bottom left is a bay colt out of the End Sweep mare Paris Sweep a three quarter sister to the Group 1 winning, Champion 2YO colt in South Africa Rarotonga Treaty.

Grey Swallow has settled into the 2008 breeding season and the first of his foals are now starting to arrive. Pictured to the left is the latest arrival at Woodside Park Stud a brown / grey filly from the Danehill mare Royal Fling.

Royal Fling is a half sister to 3 individual stakes winners including King Ivor Group 2 Sandown Guineas winner and Snake Eyes 16 wins including Arlington Round Table Hcp Group 3.

Grey Swallow has all the credentials we look for in a stallion and since last season has let down into a fantastic individual. His foals seem to fit into the same mould as him, very leggy with a great shoulder and scope.

Grey Swallow is an excellent choice for any broodmare owner he is free of Danehill and Danzig blood. Was a top 2YO who trained on to be a Champion 3 and 4 year old.

Grey Swallow showed a will to win and is a perfectly conformed individual. He is leaving lovely foals and we really can't wait for them to mature and enter the sales ring.
